AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of availability of the Final Environmental Impact Statement/Environmental Impact Report (Final EIS/EIR).

SUMMARY: The Bureau of Reclamation (Reclamation), the National Environmental Policy Act Federal lead agency, and the California Department of Fish and Game (DFG), the California Environmental Quality Act State lead agency have prepared a Final EIS/EIR for the American Basin Fish Screen and Habitat Improvement Project (Project). The Project is located in northwestern Sacramento County and southern Sutter County. The Project modifies the Natomas Mutual Water Company's water diversion from the Sacramento River and distribution system, thereby avoiding and minimizing potentially adverse affects to fish, particularly juvenile anadromous fish.

The Notice of Availability of the Draft EIS/EIR was published in the **Federal Register** on March 3, 2008 (Volume 73, No. 42). The written comment period on the Draft EIS/EIR ended May 2, 2008. The Final EIS/EIR contains responses to all comments received and any additional information received during the review period.

DATES: After the 30-day circulation of the Final EIS/EIR, Reclamation will prepare a Record of Decision (ROD). The ROD will state the decision and will identify and discuss relevant factors considered in the decision.
